

DRASACS Deletion of Information (Removal of Consent) Applicable to Adults

As part of DRASACS support we need to securely retain (store) information about service users and any interactions (meetings, phone calls, letters) which they have with DRASACS employees.

At any time during support some information can be deleted (see table), and we will delete all/some information we hold on an individual on receipt of this form with the following exceptions:

- This form will be retained indefinitely as a record of compliance with request'
- The client was discharged from counselling more than 6 years ago or ISVA 40 years ago as the information are no longer retained.
- The counselling/ISVA support has been completed.
- The person was aged under 18 when DRASACS support commenced.
- There are no legal exemptions under Article 9(2) GDPR.

If consent to store information cannot be completed, we will confirm in writing the reason why we cannot respond positively to the request.
